

2 Year Guarantee

Please take time to read about the protection we offer you

All our products come with a guarantee designed to protect you as our valued customer. Flow Imports Ltd, the makers of Zempire Camping Equipment shelters, will repair or replace this shelter, at their discretion, should it fail due to faulty materials or manufacture for a period of 2 years from the date of sale.

The Guarantee is subject to the following conditions:

1. The Guarantee only applies to an original purchaser who purchased this shelter from an approved retail outlet
2. The Guarantee does not apply if the shelter has been used for anything other than reasonable personal use. Commercial use (e.g. rental) or continuous use are expressly excluded
3. Damage due to normal wear and tear, accident, acts of God, negligence (other than by Flow Imports Ltd), failure by the purchaser to ensure instructions for setting up and care are observed, deterioration due to abnormal exposure to ultraviolet light, insect or mildew attack, or any other cause reasonably beyond the control of Flow Imports Ltd are not covered
4. If redress is sought under the terms of this Guarantee, then the shelter must be returned by the purchaser to the outlet from where it was purchased within the Guarantee period, in a clean, dry state and with proof of purchase
5. All transport costs and any other indirect costs are excluded from the Guarantee.
6. Flow Imports Ltd reserves the right to make a reasonable charge for repairs which it determines are not within the scope of the Guarantee
7. The Guarantee does not limit, modify or exclude any rights under any law if doing so would contravene that law or make any part of this Guarantee invalid. However, Flow Imports Ltd:
 - a) excludes (to the extent permitted by applicable law) all conditions and warranties that might otherwise be implied; and
 - b) limits its liability for breach of any such condition or Guarantee that it cannot exclude together with its liability under the Guarantee, to repairing or replacing the Goods or paying the cost of having the Goods repaired or replaced (at Flow Imports' option).

Tested in New Zealand. Made with care in China

INSTRUCTIONS

- 1 Remove ECO Kitchen Kit from carry bag and unfold.
- 2 Ensure that the corner locking brackets are completely pushed open to prevent the unit from collapsing.
- 3 Unfold the PVC basin and align the stainless-steel U-brackets over the aluminium frame so that the basin sits inside the kitchen unit.
- 4 Unfold the side rubbish bin holder and ensure that the locking brackets are completely pushed open so that the bin holder does not collapse.
- 5 Locate the connecting brackets on your ECO Fold Cupboard (2019 onwards). These brackets are located just below the Bamboo surface on the right hand side of the ECO Fold cupboards.
- 6 Place your ECO kitchen kit guide screws into the connecting brackets. The guide screws are located at the left hand side of the MDF prep surface of the ECO Kitchen Kit.
- 7 If required, use the adjustable feet on the ECO Kitchen Kit to stabilise the unit.

ATTACHING THE WINDSHIELD

- 1 Remove windshield and aluminium brackets from carry bag and set the windshield to the side.
- 2 Clip the aluminium brackets onto the bamboo surface of your ECO Fold Cupboard. Use the long edge of your windshield as a guide for spacing. The shorter hooked end of the bracket should be placed at the front of your cupboard.
- 3 Unfold the windscreen and place the tabs on the lower edge into the cut outs on the aluminum brackets. The hooked tabs on the front should be inserted first and it may be necessary to adjust the spacing of your brackets in order for the windscreen to fit.
- 4 It is best to take the windshield down and store when not in use.
